About Suzlon Energy Limited

Suzlon Energy Limited is one of the world's leading players in wind energy. The company has come to the fore of the business by strategically focusing on R&D, innovation, an integrated value chain, and entering into emerging and high growth markets to drive sustainable growth.

Given the truly global nature of its business, Suzlon has its Group Management Center in Amsterdam, Netherlands, has corporate offices in Pune, India. The company's global spread reflects in its projects and markets portfolio - extending across 21 countries; Australia, Belgium, Brazil, China, Denmark, Germany, Greece, India, Italy, New Zealand, Nicaragua, Portugal, Romania, South Africa, South Korea, Spain, The Netherlands, Turkey, USA, Ukraine, and the United Kingdom.

Suzlon's R&D effort includes a highly successful practice of leveraging skill and knowledge pools in the industry and allied areas the world over. This has resulted in a R&D network located across geographies known for their leadership in the field – Suzlon today drives turbine development from India and Germany, and aerodynamics research in the Netherlands. Suzlon matches innovation with quality, with systems certified by Det Norske Veritas (DNV) to ISO 9001:2000 standards.

Suzlon is a vertically integrated wind turbine manufacturer – with manufacturing capability along the full value chain – ranging from components to complete wind turbine systems. The company has established manufacturing facilities in India, China and the United States, to support the global spread of its operations. The company currently has a combined manufacturing base of 2,700 MW of annual capacity, and is undertaking an aggressive expansion program to expand its base to 5,700 MW of capacity in FY08-09.

The success of the company's strategy is seen in its growing market share, repeat orders, and breakthroughs into new markets. Suzlon ranked as the world's fifth leading wind turbine manufacturer with over 10.5 % of global market share in 2007. The company has ranked as the leading manufacturer in the Indian market for nine consecutive years, maintaining over 50% market share.

Suzlon's true strength is seen not only in its technology, quality and market share – but also its people. The Suzlon Group boasts one of the largest teams in the wind energy business, totaling over 14,000 people from over a dozen nationalities in operations around the world. Suzlon in its vision for future growth aims to rank among the top three wind turbine manufacturers worldwide, maximizing growth while maintaining margins to generate maximum value for all stakeholders.
