Notes:

- 1 The Company adopted Indian Accounting Standards ("IND AS") from April 01, 2016 with transition date of April 01, 2015 and accordingly these financial results have been prepared in accordance with the recognition and measurement principles laid down in the Accounting Standard (Ind AS) 34 Interim Financial Reporting prescribed under Section 133 of the Companies Act, 2013 read with the relevant rules issued thereunder and other accounting principles generally accepted in India. The impact of transition has been accounted for in opening reserves and the comparative periods have been restated accordingly. There is a possibility that the results for the quarter and year to date period ended December 31, 2016 along with the provisional financial statements as of and for the year ended March 31, 2016 may require adjustment before constituting the final Ind AS financial statements as of and for the year ending March 31, 2017.
- 2 The above results have been reviewed by the Audit Committee and taken on record by the Board of Directors at its meeting held on February 10, 2017. The statutory auditors of the Company have carried out a limited review of the above results for the quarter and nine months ended December 31, 2016. The Ind AS results for the quarter and nine months ended December 31, 2015 and year ended March 31, 2016 have not been subjected to limited review or audit. These results have been compiled by management, and the management has exercised necessary due diligence to ensure that the results provide a true and fair view of its affairs.
- 3 The Company and its certain specified subsidiaries (collectively the "Group") and the CDR Lenders executed a Master Restructuring Agreement ("MRA") during FY 2012-13. The MRA as well as the provisions of the Master Circular on Corporate Debt Restructuring issued by the Reserve Bank of India, give a right to the CDR Lenders to receive recompense of their waivers and sacrifices made as part of the CDR Proposal. The Company is in negotiation with CDR lenders for a voluntary exit from the CDR scheme. The amount payable by the Company as recompense is dependent on various factors and also on discussions and negotiations with the CDR lenders. The Company has recorded an estimated liability which it believes to be sufficient for the recompense that it may have to pay. However, as with any such estimate the liability can vary depending on the changes in the assumptions used and the outcome of the negotiated settlement. The auditors have given an Emphasis of Matter on the same.
- 4 Exceptional item in standalone financial results for the quarter ended December 31, 2016 includes impairment provision on loans given to subsidiary.
- 5 The reconciliation of net profit/(loss) reported in accordance with Indian GAAP to total comprehensive income in accordance with the requirements of Ind AS 101 - First time Adoption of Indian Accounting Standards is given below:

Limited Review Report

Review Report to
The Board of Directors
Suzlon Energy Limited

1. We have reviewed the accompanying statement of unaudited financial results of Suzlon Energy Limited ('the Company') for the quarter ended December 31, 2016 and year to date from April 1, 2016 to December 31, 2016 (the "Statement") attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, read with SEBI Circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016.
2. This Statement is the responsibility of the Company's management and has been approved by the Board of Directors/ committee of Board of Directors. Our responsibility is to issue a report on the Statement based on our review.
3. We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
4. We draw attention to Note 3 of the accompanying financial results in respect of 'compensation payable in lieu of bank sacrifice', the outcome of which is dependent on various factors including negotiation with CDR lenders. Our conclusion is not qualified in respect of this matter.
5. We did not review revenues and assets of Rs. Nil and Rs. 41.70 Crores respectively, included in the accompanying unaudited financial results in respect of branches not reviewed by us, whose financial information have been certified by the management. Our conclusion on the unaudited quarterly financial results, in so far as it relates to the affairs of such branches is based solely on the management certified financial information. Our conclusion is not qualified in respect of this matter.
6. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with recognition and measurement principles laid down in the applicable Indian Accounting Standards prescribed under Section 133 of the Companies Act, 2013, read with relevant rules issued thereunder and other recognised accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, read with SEBI Circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Pune, India: Suzlon Group, one of the leading global renewable energy solutions providers, today announced its third quarter (Q3) results of financial year 2016-17 (FY17) as per India Accounting Standards (IND AS).

J.P. Chalasani, Group CEO, Suzlon, said, *"Our Q3 FY17 performance further consolidates the growth we have achieved in the first two quarters with the volumes growing by 31% as compared on a QoQ basis. The domestic market is likely to grow in size, mainly due to the State Feed in Tariff (FIT) programs, Inter State Transmission System (ISTS) with non-windy states, and the demand to meet the Renewable Purchase Obligations (RPO). The competitive bidding process held recently will drive volume growth in the industry. With 14 manufacturing facilities we are the only OEM with blade capacities in all key windy states."*

Kirti Vagadia, Group Chief Financial Officer (GCFO), Suzlon, said, *"We continue to focus on delivering robust growth in volume with enhanced business efficiency. This is reflected in the improved profitability and net working capital despite increasing volumes. Our net term debt has reduced to Rs. 6,538 crores. The sustainability of our turnaround and growth momentum has been validated by an upgrade in credit ratings by CARE to investment grade 'BBB' from the earlier 'BBB-' to Suzlon Energy Ltd., and a provisional 'A-' credit rating to our subsidiary - Suzlon Global Services Ltd."*
