Suzlon wins its Sixth Repeat Order of ~100 MW from GAIL

With a 38% market share of Maharashtra's 5.8 GW wind capacity, Suzlon is further consolidating its market leadership by expanding PSU partnerships

Key Highlights of the Order

Sixth Order from GAIL after first five in Tamil Nadu, Karnataka and Gujarat	Fourth PSU Order of current fiscal after NTPC, BPCL and AMC	Project to be executed in Nandurbar district of Maharashtra	Supplying 47 S120 WTGs with a rated capacity of 2.1 MW
--	--	--	---

Pune, India: Enhancing its strategic focus in the PSU segment, Suzlon Group, India's leading renewable energy solutions provider, today announced its sixth wind energy project of ~100 MW from Gas Authority of India Limited (GAIL). This also marks Suzlon's fourth PSU order of FY26, reflecting its growing strength in the

ecosystem owing to its end-to-end capabilities. The power generated from this project will support the decarbonization of GAIL's upcoming petrochemical plant in Nandurbar, Maharashtra.

With over 2.2 GW of installed capacity and a ~38% market share in Maharashtra, Suzlon has played a key role in the state's growth as one of India's leading renewable energy hubs.

Suzlon will install 47 state-of-the-art S120 wind turbine generators (WTGs), each rated at a 2.1 MW capacity for this project. It will supply wind turbines, oversee equipment installation, and execute the project, including erection and commissioning, while providing comprehensive operations and maintenance services post-commissioning.

Ajay Kapur, Chief Executive Officer, Suzlon Group, stated, " *We are happy to continue our strong relationship with GAIL, a valued partner for over 15 years and signing our sixth order together. We have worked over the years in Gujarat, Tamil Nadu and Karnataka and are now extending this partnership with a maiden order in Maharashtra. Two years ago, we re-entered the PSU segment, starting with a 1.1 GW order from NTPC Limited. Today, PSU and C&I constitute of over 64% of our orderbook and we are working with all the leading PSUs and C&Is in the country.*"

About The Suzlon Group

The Suzlon Group is a leading global renewable energy solutions provider, with ~21.5 GW* of wind energy capacity installed across 17 countries. Headquartered at Suzlon One Earth in Pune, India, the Group includes Suzlon Energy Limited (NSE: SUZLON, BSE: 532667) and its subsidiaries. A vertically integrated organisation, Suzlon has in-house R&D centres in Germany, the Netherlands, Denmark, and India, and world-class manufacturing facilities across India. With 30 years of operational excellence and a diverse workforce of 8,500+ employees, Suzlon is India's No. 1 Renewable Energy Solutions company, having an installed base of 15.5 GW of assets and an additional ~6 GW installed outside India. Its portfolio includes the advanced 2.x MW and 3.x MW series of wind turbines.

**Global installations of Suzlon-manufactured wind turbine generators. Data as of 31st December 2025*
