19<sup>th</sup> January, 2012

## **Suzlon Group wins 151 MW in new orders worldwide**

- Cumulative order wins between October, 2011, and January, 2012 (excludes orders announced separately)
- Orders from Europe and North America
- Product mix includes the latest 3.4M104 and 3.2M114 turbines, in addition to MM82 and MM92 models

**Pune:** Suzlon Group-subsiary, REpower Systems SE, today announced cumulative orders of 151 MW across Europe and North America over a three month period, excluding orders announced separately.

These cover various firm orders secured between 22<sup>nd</sup> October, 2011 and 18<sup>th</sup> January, 2012 across Austria, Belgium, Canada, France, Germany, UK and the USA.

**Andreas Nauen, Chief Executive Officer – REpower Systems SE,** said: "These orders clearly underscore the continuing momentum in the wind market worldwide, particularly in developed markets in Europe and North America which REpower is focusing on. Looking ahead, we expect a year of continuing growth for the Group backed by our robust technology and service offerings, and extensive track record."

**Tulsi Tanti, Chairman – Suzlon Group,** said: "These orders highlight the strong competitive positioning the Suzlon Group enjoys across all key wind markets worldwide. With our range of products and solutions – from onshore to offshore, and encompassing all wind regimes – we offer the most comprehensive solutions to customers the world over."

The projects include several wind farms in Germany featuring REpower's latest turbine models 3.4M104 and 3.2M114, with 3.4 and 3.2 MW of rated power respectively. Other orders with turbines of the MM92 or MM82 type are destined for wind farms in Germany, UK, France, Belgium and the USA.

---

**About Suzlon Group:**

The Suzlon Group is ranked as the world's fifth\* largest wind turbine supplier, in terms of cumulative installed capacity, at the end of 2010. The company's global spread extends across Asia, Australia, Europe, Africa and North and South America with over 18,000 MW of wind energy capacity installed in 28 countries, operations across 32 countries, a workforce of over 13,000 and revenues of approximately US\$ 5 billion. The Group offers one of the most comprehensive product portfolios – ranging from sub-megawatt on-shore turbines at 600 Kilowatts (KW), to the world's largest commercial 6.15 MW offshore turbine – with a vertically integrated, low-cost, manufacturing base.

The Suzlon Group is headquartered at One Earth, a 10.13-acre campus in Pune, India, powered a 100 percent by renewable energy. One Earth has achieved Platinum-level LEED certification, the highest level of green-building certification.

The Group comprises of Suzlon Energy Limited and its subsidiaries, including REpower Systems SE. REpower is a leader in wind turbine technology, particularly offshore, and produces the 6M – the world's largest commercial wind turbine. With just under 2,500 employees worldwide, it is headquartered in Hamburg and has around 3,000 wind turbines operating around the world.
