## Suzlon wins 103 MW order from Oil & Natural Gas Corporation Limited

- Second order from Oil & Natural Gas Corporation Limited (ONGC)
- Will enhance ONGC's total wind portfolio to 153.9 MW

**Pune:** Suzlon Group, the world's fifth leading\* and India's largest wind turbine manufacturer has received an order for a 102.9 MW project from Oil & Natural Gas Corporation Limited (ONGC), a Fortune 500 Company. The project comprises 49 units of Suzlon's S88 – 2.1 MW wind turbines and will be commissioned in the FY 2013-14. The project will be commissioned in the state of Rajasthan.

ONGC currently has an existing installed base of 51 MW from wind energy projects operating in Jakhau site, Gujarat. The new order will take ONGC's total installed wind power capacity to 153.9 MW.

Speaking on the order, **Mr Rohit Modi, CEO – India and emerging markets, Suzlon Energy Limited**, said: "Suzlon is pleased to once again partner with ONGC in driving forward their commitment to sustainable energy, this repeat order from ONGC underscores Suzlon's technological and service delivery capabilities in the Indian wind energy sector. It is very heartening to learn that leading PSUs in the country are increasingly being driven to augment their energy mix with renewable energy. It is truly a great contribution to build India's sustainable economy"

The S88 turbine is designed for operations in medium wind regimes with the ability to withstand extreme conditions and operate effectively with lower maintenance costs. The S88 has enjoyed international success, with over 2,400 units installed worldwide, translating to over 5 GW of capacity.

### **About Suzlon Group:**

The Suzlon Group is ranked as the world's fifth largest\* wind turbine supplier, in terms of cumulative installed capacity, at the end of 2011. The company's global spread extends across Asia, Australia, Europe, Africa and North and South America with installations of over 21,000 MW and operations across 32 countries and a workforce of approximately 13,000. The Group offers one of the most comprehensive product portfolios – ranging from sub-megawatt on-shore turbines at 600 Kilowatts (KW), to the world's largest commercially-available offshore turbine at 6.15 MW – with a vertically integrated, low-cost, manufacturing base. The Group – headquartered at Suzlon One Earth in Pune, India – comprises Suzlon Energy Limited and its subsidiaries, including REpower Systems SE. Visit us at [www.suzlon.com](http://www.suzlon.com)
