

Suzlon bags 58.80 MW repeat order

Suzlon Group has won a repeat order from an IPP for a 58.80 MW capacity wind power project in Dewas, Madhya Pradesh. This turnkey project comprises of 28 units of S97-120 m hybrid towers with rated capacity of 2.1 MW each and is scheduled for completion by March 2017. Suzlon will be responsible for the entire project lifecycle which includes wind turbine supply, construction and commissioning as well as operations, maintenance and services of the project for a period of 12 years. JP Chalasani, Group CEO, Suzlon said the Indian renewable industry is witnessing significant momentum and surge in demand supported by positive policy actions and government support.
