

# Suzlon wins orders for 111 mw combined capacity

Renewable energy solutions provider Suzlon group said it has bagged orders for a combined capacity of 111.30 mw from corporate and SME customers between August and September. This combined capacity includes orders from reputed corporate houses such as Serum Institute of India, Rajasthan Gum Group and an assortment of SME customers, the company said in a BEE filing. The corporate and SME orders have been received from a mixed bag of customers across diverse industry segments, including chemical, infrastructure, manufacturing, textiles, power and entertainment, it said.
