

Suzlon bags 50.40 MW project in Andhra Pradesh

Wind turbine maker Suzlon Group has bagged an over 50 MW wind power project in Anantapur, Andhra Pradesh. Suzlon, a leading global renewable energy solutions provider, on Monday announced winning this order from a "leading business house". "The project consists of 24 units of S95 90m tubular tower with rated capacity of 2.1 MW," the company said.
