

CLP India picks 49% in two Suzlon solar projects

CLP INDIA and Suzlon Group have entered into a partnership for two solar projects of 50 mw and 20 mw in Dhule, Maharashtra. The two projects were won by Suzlon through competitive bidding and CLP India will acquire a stake of 49% in the projects. This JV marks CLP India's second solar project with Suzlon. CLP India has the option to acquire the balance 51% stake in the future.
