

Award for Suzlon's generator unit

Coimbatore, August 30

Suzlon's generator unit located in the SEZ (Special Economic Zone) at Karumathampatty in Coimbatore has bagged an award at the 5th Annual Summit on Aditya Birla Group's regional competition on "Reinventing the Future." Suzlon's case study on 'Elimination of Copper wastage' in Lopping Machine and reducing the chances of injury to the operator emerged as the winner with its focus on cost optimisation and safety. JP Chalasani, Group CEO, said the company's focus is on innovation and improving efficiencies across the organisation. "Our initiatives are always tailored keeping in mind cost optimisation and the safety of our employees." OUR BUREAU
