COIMBATORE, AUG 28

Suzlon generator unit in Coimbatore has bagged the 'Quality Improvement Project (QIP)' competition award for cost optimization.

The award was handed over to the company at the fifth Annual Summit of Aditya Birla group's regional competition on 'Reinventing the Future' in Chennai recently, said J P Chalasani, CEO, Suzlon Energy Limited, here on Tuesday.

He said the competition involved presentation of case studies of projects undertaken by various companies, which were evaluated in categories including cost optimization, quality, technology,

safety, sustainability and people initiatives.

"In all, 26 leading manufacturing companies participated in the competition. Suzlon's case study on 'Elimination of Copper wastage' in lopping machine and reducing the chances of injury to the operator emerged as the winner with its focus on cost optimization and safety," said the CEO.

He further said, "our focus is on innovation and improving efficiencies across the organisation. Our initiatives are always tailored keeping in mind cost optimization and the safety of our employees. This award inspires us to continue to work with our stakeholders to deliver quality products and services."
