

# Suzlon commissions wind project for HAL

NEW DELHI

Renewable energy solution provider Suzlon Energy announced commissioning of its second 8.4 MW wind power project for Hindustan Aeronautics Ltd. (HAL). The 8.4 MW project in Bagalkot in Karnataka was inaugurated by R. Madhavan, CMD, HAL. With this project, HAL's total wind energy capacity delivered by Suzlon stands at 14 MW and caters to 46.6% of HAL's energy consumption of its Bengaluru-based divisions. PTI
