Suzlon and Torrent Power Achieve 1 GW Wind Energy Milestone with a New 486 MW Order

This collaboration underscores Suzlon and Torrent Power's shared vision of strengthening India's renewable energy revolution

Key Highlights of the Order:

**Fifth landmark
Order from
Torrent Power
to
Suzlon**

**Suzlon & Torrent
partnership now
Powers 1 GW of
Wind Energy
for India**

**To install 162
S144 WTGs
with a rated
capacity of
3 MW each**

**To be
executed
in the Bhogat
region
in Gujarat**

Pune, India: Suzlon Group, and Torrent Power Ltd. have achieved a remarkable milestone together, now powering 1 GW of wind energy for India with a new 486 MW hybrid order. This strategic collaboration is pivotal in supporting India’s ambitious target of achieving 50% of electricity from renewable sources and strengthening the Make in India initiative.

Under the agreement, Suzlon will supply 162 state-of-the-art S144 wind turbine generators (WTGs) with Hybrid Lattice (HLT) Towers, each rated at 3 MW capacity in the Bhogat region in Gujarat.

Girish Tanti, Vice Chairman, Suzlon Group, said, “We are proud to partner with Torrent, a pioneer in integrating renewables into their energy portfolio. Our decade-long collaboration has reached a remarkable milestone - 1 GW of cumulative orders across Gujarat and Karnataka. Built on trust, innovation, and a shared vision, this partnership has leveraged advanced technologies to deliver quality power to nearly 1 million households. Together, we remain committed to driving India’s energy transition and building a sustainable future.”

JP Chalasani, Chief Executive Officer, Suzlon Group, said, “Torrent Power has been a valued long-term partner in our journey, and together, we share a vision of providing reliable, sustainable, and quality power to the nation. The success of our S144 wind turbine, known for its ability to deliver optimal power performance even in low-wind conditions, has been a key driver of this collaboration. This milestone highlights the strength of our partnership and the impact of advanced technology in accelerating India’s renewable energy future.”

About The Suzlon Group

The Suzlon Group is a leading global renewable energy solutions provider, with approximately 20.9 GW* of wind energy capacity installed across 17 countries. Headquartered at Suzlon One Earth in Pune, India, the Group includes Suzlon Energy Limited (NSE: SUZLON, BSE: 532667) and its subsidiaries. A vertically integrated organisation, Suzlon has in-house R&D centres in Germany, the Netherlands, Denmark, and India, and world-class manufacturing facilities across India. With 29 years of operational excellence and a diverse workforce of over 7,700 employees, Suzlon is India’s No. 1 Renewable Energy Solutions company, managing ~15 GW of assets and an additional ~6 GW installed outside India. Its portfolio includes the advanced 2.x MW and 3.x MW series of wind turbines.

**Global installations of Suzlon manufactured wind turbine generators. Data as of 30th September 2024*
