About the Suzlon Group

Pioneering Renewable Energy Solutions

The Suzlon Group, a leading Renewable Energy solutions provider has over ~20.5 GW* of Wind Energy capacity installed across 17 nations. A vertically integrated organisation, with in-house R&D centers in Germany, the Netherlands, Denmark and India, Suzlon's world-class manufacturing facilities are spread across multiple locations in India. Suzlon has a 28-year operational history and nearly 6,300 diverse professionals. As India's largest Wind Energy service provider, it manages a portfolio of 14.5 GW Wind Energy assets. Internationally, the Group has an installed capacity of ~6 GW. Suzlon offers a comprehensive product portfolio led by the 2 MW and 3 MW series of wind turbines.

*Global installations of Suzlon manufactured wind turbine generators.
