

Girish Tanti

Co-founder & Vice Chairman
Suzlon Energy Limited

Girish Tanti is the Vice Chairman and founding member of Suzlon Energy Limited. He is an engineer with an MBA from UK.

Over his twenty-seven years of global renewables business experience, he has lived and worked across Europe, USA and Asia. As co-founder of Suzlon, he incubated the renewable energy business in 1995, led the establishment of technology development centres in Europe and India, set-up the global supply chain and developed wind markets across India, USA, Canada, Europe, China, Australia, South America and South Africa. His efforts have been vital to Suzlon's rise to become the only renewable energy player from a developing nation to rank among the top five worldwide in the early 2000s. He is also the founding member of Suzlon Foundation which has grown to become a leading grass root rural development foundation in India.

Mr. Tanti champions the industry in India to drive policy reform as a member of the Confederation of Indian Industry (CII) Renewable Energy Council and CII National Committee on Aatmanirbhar Bharat – RE Manufacturing and is actively engaged with various global forums on Climate Change and Energy Transition.

Committed to enabling the World's Energy Transition journey, Girish Tanti is highly passionate about creating an equitable and sustainable world for future generations.
