

Suzlon Quality, Environment and Safety Policy

Suzlon is the union of community, shareholder, vendor, contractor and employee.

Stakeholders united, individuals from all walks of life in our global community, working together in powering a greener tomorrow.

Suzlon will continually seek out ways to exceed stakeholders' expectations in providing product and service with sustainable Quality, technology, cost and value.

It is our common understanding, that measures for health & safety and commitment to full environmental compliance, will be as proactive as our product itself.

Tulsī R. Tanti
Chairman and Managing Director
