Dear Sirs,

Sub.: Suzlon receives 50 MW repeat order from major Chinese Power Producer

This is to inform that Suzlon Energy (Tianjin) Limited, a subsidiary of Suzlon Energy Limited, has secured a 50 megawatt (MW) order from a repeat customer - one of China's five largest power producers.

The contract will comprise 24 units of the Suzlon S88 (LTV-50Hz) turbines, each with a rated power of 2.1 MW. The turbines will be delivered between October and December, 2010 to the wind farm in the Autonomous Region of Inner Mongolia. This order will increase Suzlon's installation base to 1,119.8 MW in China.

This is for your information, as also for the information of your members and the public at large.

Thanking you,

Yours faithfully,
For Suzlon Energy Limited

Ashok Jangid
Vice President and Company Secretary
