Thanking you,

Yours faithfully,
For Suzlon Energy Limited

H. A. Kanuga

Hemal A. Kanuga,
Company Secretary.

Encl.: As above.

30 January 2012

Suzlon Group announces 269 MW in new orders worldwide

- Cumulative orders between December 22, 2011 to 23 January, 2012; excluding separately announced orders
- Orders from India, Brazil and the US
- Valued at approximately Rs. 2,000 crore (US\$ 403 mn)

Pune: Suzlon Group, the world's fifth* leading and India's largest wind turbine manufacturer, today announced orders of 80 MW in India, and a total of 189 MW orders in Brazil and US, over a one month period, excluding orders announced separately. The cumulative orders are valued at approximately Rs. 2,000 crore (US\$ 403 mn).

These cover various firm orders secured between December 22, 2011 and January 23, 2012 and represent a strong customer-mix, covering international special purpose companies (SPCs), PSUs, large corporates and SMEs. The order sizes range from as small as 0.6 MW to 121 MW and comprises of turbines from Suzlon's latest S9X suite, among other S-series models.

Mr. Tulsi Tanti – founder, Chairman and Managing Director, Suzlon Group, said: "These orders reiterate not only the dynamic and rapidly growing Indian wind sector, but also Suzlon's presence in emerging economies and competitive markets such as Brazil and the US. It also confirms our ability to tailor end-to end wind solutions to customers from all segments. India has a growing demand for energy and newer technologies are making it possible to harness low wind sites with profitable returns. Brazil is an important market for us as we continue to focus on emerging economies. Orders in the US confirm our strong technology and product offerings in a competitive market."

About Suzlon Group:

The Suzlon Group is ranked as the world's fifth largest* wind turbine supplier, in terms of cumulative installed capacity, at the end of 2010. The company's global spread extends across Asia, Australia, Europe, Africa and North and South America with over 18,000 MW of wind energy capacity installed in 28 countries, operations across 32 countries, a workforce of over 13,000 and revenues of approximately US\$ 5 billion. The Group offers one of the most comprehensive product portfolios – ranging from sub-megawatt on-shore turbines at 600 Kilowatts (KW), to the world's largest commercial 6.15 MW offshore turbine – with a vertically integrated, low-cost, manufacturing base.

The Suzlon Group is headquartered at One Earth, a 10.13-acre campus in Pune, India, powered a 100 percent by renewable energy. One Earth has achieved Platinum-level LEED certification, the highest level of green-building certification.

Suzlon Energy Limited, One Earth, Hadapsar, Pune – 411 028, India
Registered Office "Suzlon", 5, Shrimali Society, Navrangpura, Ahmedabad – 380 009, India

The Group comprises of Suzlon Energy Limited and its subsidiaries, including REpower Systems SE.

REpower is a leader in wind turbine technology, particularly offshore, and produces the 6M – the world's largest commercial wind turbine. With just under 2,500 employees worldwide, it is headquartered in Hamburg and has around 3,000 wind turbines operating around the world.
