CERTIFICATION SCOPE

Indian Register Quality Systems (A Division of IRCLASS Systems and Solutions India Ltd.), acting as an independent verification entity, confirms the application of the ZWL methodology adopted by Suzlon Energy Limited. The organizational boundary encompasses waste management operations across **12 Manufacturing facilities**, including **rotor blade units, nacelle manufacturing, wind turbine generator (WTG) units, control panel manufacturing, transformer units, and tower manufacturing units**. The detailed list of sites covered under the certification is provided in **Annexure 1**.

Exclusion: Areas not under the direct operational control of the assessed facilities are excluded from the scope.

Verification of **Hazardous and Non-Hazardous waste data**, including processes related to recycling, reuse, recovery, landfill diversion, and compliance with applicable environmental regulations for handling waste, was carried out under the scope of the ZWL certification program. The assessment included review of waste generation, segregation, storage, processing, and disposal practices.

Verified performance in the reporting period: March 2025 to February 2026.
